

Operation Snowsuit is a CPAN program, delivered by our community partners across the county. This program helps local children & youth in-need to stay warm and dry during our severe winter weather, while enabling them to fully participate in recess and other outdoor activities. Last year, with the generous help of community members, we assisted 602 local children & youth – from newborn to adult sizes (for teens) up to 4X, and boots up to men’s 15.
